

HP April Market 2015 (April 18-23, 2015): Hurtado presents new items for MON collection

March 4 / 2015

Showroom at : 208 English Road, High Point NC 27262

Manufacturing skills and refined detailing are what best define HURTADO's collections. They still play a great role in the latest contemporary collections of the company, fusing perfectly with more modern, sleek lines to create impressive furniture, such as the **MON collection**, one of the latest and highly successful collections of the **Evolution line**.

MON dining group in white maple finish

The **MON collection** has recently been extended to cover the full spectrum of home & office décor, as well as bedrooms, living and dining rooms, executive office furniture and a range of matching occasional furniture, chairs, armchairs and sofas that complement the collection.

MON office furniture & meeting table in high sheen grey pearl

With HURTADO's use of fine woods such as walnut, maple, rosewood, and oak with remarkable craftsmanship in leather and chrome detailing, this versatile collection has a definitive contemporary silhouette.

MON executive office: rosewood desk & bookcase

MON features a clean and pure design, with a **subtle interplay** of geometric, almost **architectural forms**, **traditional elements** and **manufacturing skills**, giving visual interest to the whole collection.

MON wall unit in an attractive natural finish

Pieces come in different wood tones and finishes, all of them available in **matte, satin or high-sheen**.

MON brown maple sideboard, occasional tables and chic sofa

The grain of woods is always respected so that materials can be appreciated for what they are. This can be seen in the use of rosewood veneers, whose grain is enhanced by eye-catching, matching effects.

Rosewood finish: detail

A personal touch is also ensured by three **different design options**. Standard reference pieces come with a curved metal base and chromed handles with black leather detail, but the metal base can also be replaced by a wooden base.

MON sideboard in dark walnut: standard reference with metal base

MON chest-of-drawers in natural walnut and wooden base

Another possibility is a straight wood base with chrome detailing in combination with chromed straight handles.

MON grey pearl finished TV stand with straight wood base and chrome detailing

Self-closing drawers are used with metal drawer glides to ensure a quiet & easy motion for closing. **Adjustable legs** are also provided to set the gap for doors and drawers.

MON bar cabinet finished in grey pearl

To maximize functionality, an **optional LED interior lighting** systems (CE certified and conform to EU directives EN60598) is also offered. All transformers have thermal protection to turn the lights off automatically in the event of overheating.

MON bedroom furniture in white maple

The back walls of the furniture are pre-drilled in order to make the installation of lighting easier.

MON game table
