3 GENERATIONS IN MEUBLES MOBICAN FURNITURE'S BOOTHS

HPMKT, High Point, North Carolina: We are proud to announce that, on April 18th and 19th, family owned Meubles Mobican Furniture will be represented by four family members from three different generations.

This year marks the 16th year Meubles Mobican Furniture has been part of HPMKT. Through the years, we have always been showcasing new innovative collections. This year marks a new beginning as a third generation has joined the company. To mark this occasion, we are presenting 24 collections with 11 new introductions in two separate booths. We will exhibit bedrooms, dining rooms, entertainment units and occasional tables.

Meubles Mobican Furniture is a Canadian manufacturer. We pride ourselves in the service we provide as well as in the quality and craftsmanship of our products, obtained over the years from a heritage of our European origins, and passed on from one generation to the next.

Our collections are made with carefully selected veneer, which is handpicked from some of the best veneer suppliers in Europe and the United States. We only use the finest hardware imported from Germany.

Our collections are entirely manufactured in our facility located in Saint-Jean-sur-Richelieu, Quebec, Canada.

We will present throughout HPMKT but come and meet our three generations April 18th and 19th at Design Center D719 and Hamilton Wing H710, IHFC floor 7. We will be glad to meet you and show you all of our new collections.
