Los Angeles, CA. The SOHO Collection is characterized by accentuating HURTADO's artisan designs with glamour, marble, leather, and brass as raw materials which have all been a flourishing trend and a timeless signature touch of luxury. The collection will be presented at 208 English Road. High Point, North Carolina.

The SOHO Collection by HURTADO has modern and sleek lines that have been inspired by traveling around the world and combining a classic contemporary feeling with innovative shapes that feature luxury materials. The new collection includes bedroom pieces, dining room furniture, and occasional pieces for living rooms that can also be used to complement other collections of the same line. The pieces are contemporary and feature touches of luxury as can be seen on the SOHO tables, whose bases can come in wood, brass, or stainless steel. The SOHO lines are typically straight, though soft, and sweeping curves are also present in good measure. Color palettes are very subtle, with an emphasis on cream, ivory, and bright grey. This collection creates a relaxing ambiance. Noble and exotic woods along with amazing detailing are also widely present in the collection.

The SOHO Collection exemplifies excellence, style, and forward innovation while maintaining tradition. The collection is available in 22 finishes such as lacquer, matte, satin, three levels of sheen, and a choice of woods that include walnut, maple, rosewood, and oak.
