

**FOR IMMEDIATE RELEASE**

# M.CLÉMENT DEBUTS THE M.CLÉMENT HOME COLLECTION

---

## THREE NEW PRODUCTS TO BE REVEALED AT THE 2016 FALL HIGH POINT MARKET

**NEW ORLEANS (October 11, 2016)** – M.Clément will be displaying three new lamp bases in High Point, Suites at Market Square, SAMS M-5017. At the upcoming market, M.Clément plans to introduce his MC Home Collection (MCHC) that caters to high design retailers.

Of only a handful of hand painted lamps available on the market today, MCHC is presenting the Calliope, Euterpe, and Thalia. Named after muses, the Greek goddesses of inspiration in literature, science and the arts, these base shapes incorporate four key elements- hand decoration, moderate price point, shorter lead times and are made in the USA. The combined benefits of the MCHC line will provide designers with lighting options that are both admired and attainable.

“Designers are requesting affordable hand finished pieces, so we think offering a resin retail line that is customized with hand applied gold leaf is the perfect solution,” says Michael Clément, artist and owner. “The MCHC retail line will elevate any design.”

The MC Home Collection combines our specialized hand applied gilded finish with affordable materials to create a bespoke look. We pride ourselves in being able to deliver high quality lighting with exquisite hand decoration. The MC Home Collection will expand over time with the addition of new pieces each season.

### **ABOUT M. CLÉMENT**

Find M.Clément’s designs at High Point Market in the THE SUITES AT MARKET SQUARE - Showroom M-5017, Lee Industries Showroom, and Woodbridge Showroom. M. Clément is based in New Orleans and has been handcrafting lighting and decorative arts for over 5 years.
