CR Laine - Spring 2018 Trend Report

BOLD MOVES : FEARLESSLY EMBRACE COLOR + PATTERN

Emerging from the calm of pastel colors is a bold and bright countertrend. Saturated tones like cobalt blues and apple greens take center stage. Graphic floral prints, bold geometrics, and daring animal prints are layered with bold shapes in neutral shades to keep the look fresh. Conversation-worthy upholstery details such as fully-upholstered legs on the Margot ottoman and the James and Eva sofas, as well as the front leg of the Brantley chair that extends all the way up the arm, add visual appeal. Sometimes bold shape equals bold scale; thus, the Cassandra sofa at 103-inches in length and the Big Cozy lounge sofa at 54-inches in depth are among CR Laine's largest offerings yet.

CR Laine Furniture—Company Background

About: For 60 years, CR Laine has hand-crafted custom upholstery in Hickory, NC. We thoughtfully design and meticulously craft everything we build with a level of comfort that we can proudly stand by, and you can comfortably sit in for years to come. While we utilize new processes and equipment, we have held true to time-tested premium construction features, such as eight-way hand-tied springs. Color is the primary method of self-expression in your home. To that end, we curate an eclectic yet cohesive collection of textiles from artisans around the world. Our distinct blend of style, comfort, and color delivers a classic aesthetic with a modern perspective.

- Frames made from sustainably harvested hardwoods
- Water-based wood adhesive with no VOC (volatile organic compounds) emissions
- Eight-way hand-tied coil springs made from approximately 50% recycled metal
- Seat deck and trim pad made from 80% regenerated fibers
- Foam padding and foam seat cushion core made from at least 10% natural soy-based

Location: Manufacturing facilities and corporate offices are located in the foothills of North Carolina's Appalachian Mountains, in the city of Hickory. CR Laine's High Point showroom is located at 310 N Hamilton Court on the second floor in space 204.

Leadership: CR Laine has a proud history as a successful family owned and operated upholstery manufacturer. C.E. "Sonny" Roseman, Jr. is CEO and third generation family member, Warren Frye, is President.

Mission Statement: We create inspiring upholstered furniture through innovative STYLE. COMFORT. and COLOR.

Environmental Statement: CR Laine is committed to preserving the resources of our world for future generations. It is our goal to minimize the environmental impacts of our company through the continual improvement of waste reduction and use of sustainable practices.

Recycling: Throughout the organization, we recycle paper, plastic, aluminum, and cardboard. We encourage non-printed e-mail communication and conserve energy by switching off the lights in manufacturing during lunch as well as switching off all computers at the end of each day. Additionally, lumber scrap material is locally recycled/repurposed.

Sustainable by Design: In October 2008, CR Laine became the **first** company to achieve Sustainable by Design registration from the American Home Furnishings Alliance (AHFA). Additional information can be found on our website at www.crlaine.com

Statistics:

- Since first implementing the EFEC & SBD programs in 2008, we have saved over \$400,000.
- Energy usage has been decreased by 15% per employee, which is nearly a 26% decrease overall.
- Water conservation efforts have decreased our water usage by 45% per employee per month, which equates to over 13,000 gallons of water on average every month. We have replaced all of our toilets throughout the facility with new low-flow, high efficiency units, which save an additional 5 gallons per toilet, per flush.
- Since implementing the EFEC recycling program, CR Laine's saved over \$30,000 by redirecting fabric scraps, leftover cardboard, excess paper and plastic wrapping, and wood blocks from the waste stream. In the last five years, we have recycled 422,658 lbs. of scrap fabrics, 27,009 lbs. of cardboard, 15,000 lbs. of paper/plastic wrapping, and 3,259 cubic yards of wood blocks.
- By implementing a paperless scanning system and duplex printing office paper, over 300 trees have been saved by recycling paper with a local management company.
- 200 lbs. of aluminum cans and plastic bottles are recycled each quarter. That's more than 6,550 lbs. of cans and bottles recycled in the last 7 yrs. since becoming SBD registered.
- In 2014, we added a 42,000 sq ft addition to our plant. All of the trees that were cleared from the land were sent to a local sawmill to be used for timbers and the gravel from our old parking lot was sent to a local rock quarry to be ground up and repurposed.
