Copeland Furniture to Expand Signature Collections for High Point Market

Bradford, VT. (May 5, 2021) –This season, Copeland Furniture will expand its signature collections and will present new designs at High Point Market which runs from June 5–9, 2021. The new introductions include pieces from the Mansfield, ISO, and Statements Collections, ranging from beds and nightstands to dining tables and chairs. The new designs can be seen in Copeland’s showroom located at Showplace-5100, Floor 5.

Beds in the Mansfield collection are now available in two heights – 40” and 49”. “The addition of a taller headboard lends Mansfield to a wider range of potential applications,” said Ben Copeland. “The design that was initially scaled to contemporary, urban environments can now be at home in generously-sized suburban bedrooms.” Mansfield is crafted in solid walnut with a natural finish or in solid cherry with five finish options (natural, autumn, cognac, saddle, and smoke). Each finish is GREENGUARD Certified for low chemical emissions. The latest pieces can be made-to-order with a variety of knob or pull options.

Mansfield Bed

The ISO dining collection (named for the Greek word meaning "equal") refers to the balanced orderliness and proportionality of the design. The ISO chairs, which have been available in solid oak hardwood, will now also be available in cherry and walnut. The upholstery options include a range of microsuede, fabric, Ultrasuede®, Ultraleather®, Sunbrella®, and leather colors, as well as customer’s own material.

ISO Armchair

The Entwine dining tables from the Statements collection were designed to re-imagine traditional forms and style idioms to create compelling visual focal points wherever they are used. The Entwine glass top dining tables are now available in solid cherry with five finish options (natural, autumn, cognac, saddle and smoke), and in solid walnut. The table has three size options and is topped with clear tempered 15 mm glass.

About Copeland:

Copeland Furniture started in the 1970s as a family-owned and operated enterprise. Its mission was to create beautiful wood products from natural hardwoods while simultaneously protecting the beauty of the nature surrounding them. During their many periods of growth, they have evolved from a one-man operation in an old garage in East Corinth, Vermont, to a state-of-the-art manufacturing facility located on the banks of the Connecticut River in Bradford, Vermont. More than four decades later, Copeland Furniture has stayed true to its creed and places high value on quality furniture that lasts multiple generations. Copeland Furniture believes that understated, well-designed structures inform our creative sensibilities each day, and continuous improvement is what allows their company to thrive and excel.
