FOR IMMEDIATE RELEASE

BDI Introduces Tanami Credenza in Sleek Satin Black + Brass **Popular Credenza Now Available in Striking New Finish**

CHANTILLY, VA — April 2023 — Premiere furniture designer and manufacturer **BDI** announces it has added a striking new finish to its popular Tanami credenza. Designed by Matthew Weatherly, the new Tanami in Satin Black with Brass base and legs will showcase at the Spring High Point Market in BDI's new showroom, IHFC D724.

Inspired by the Tanami desert, this credenza features three-dimensional dune-like waves across the door fascia and side panels, creating eye-catching textural depth. These flowing, sculpted patterns contrast with the credenza's straight lines, and together with its polished brass legs and stunning Satin Black finish, the result is a dramatic console that is sure to be the focal point of any room.

Whether used for storage, in a dining room, bedroom or entryway, Tanami's doors conceal four compartments, each with an adjustable shelf. In addition, wire management holes in the back of the cabinet make it suitable for light media use.

"In its original Satin White with chrome legs finish, Tanami has been a sought-after design for many years," said Weatherly. "Now in this new finish, consumers have another option for their spaces, and can bring a dramatic statement piece to any room while still having generous storage space inside."

As a versatile solution in the home, Tanami boasts adjustable shelves inside able to accommodate various storage needs. It also features solutions for entertainment use, such as flow-through ventilation, adjustable feet levelers and cable management, allowing for use as a media cabinet, making it ideal for many spaces.
