North Carolina Ports offers two excellent port locations, Wilmington and Morehead City, both with unique benefits. The Port of Wilmington has two neo-Panamax cranes and four post-Panamax container cranes. The Port of Morehead City is just four miles from the Atlantic Ocean. Both offer extensive warehousing and open storage, and both provide easy access to interstate highways and major railroads. Our customer-focused approach also means shippers receive excellent port communication and customized service.

The NCDEC contributes to leadership and international trade expertise to complement the U.S. Commercial Service's export promotion efforts through counseling businesses on the exporting process and conducting trade education.
