Legacy Bedroom Collection

The Legacy Bedroom Collection embodies serene sophistication with its rounded silhouettes, vertical carved accents, and refined metal details. Designed as a contemporary sanctuary, Legacy combines timeless craftsmanship with modern sensibility.

- **Legacy Bed (Ref. GYKP04)** – A statement of balance and elegance, the Legacy bed features a fully upholstered headboard framed by gently rounded wood panels with vertical metal details. Resting on sleek metal legs, it offers a perfect blend of comfort and sculptural design.

- **Legacy Bedside Table (Ref. GY4007-1)** – Compact yet striking, the bedside table showcases rounded edges, vertical carvings, and refined metal legs. Topped with porcelain stoneware, it brings durability and a luxurious finish, serving as a functional accent for modern bedrooms.

Legacy Dresser (Ref. GY4003-1) – Defined by soft curves and architectural detailing, the dresser pairs generous storage capacity with a sophisticated aesthetic. Its porcelain top adds resilience and elegance, while the combination of wood and metal accents reflects Hurtado's mastery of materials.

Available in a wide array of wood finishes, lacquers, metals, and stoneware, the Legacy Bedroom Collection adapts seamlessly to both refined and contemporary interiors. Whether styled as a full suite or as standalone pieces, Legacy exemplifies Hurtado's philosophy of elegance through craftsmanship.

Evolution Line – Now with Full RAL Color Options

Hurtado introduces an exciting advancement to its Evolution Line: the option to finish all pieces in any shade from the complete RAL color chart, available in both matte and high-sheen lacquers. This expansion empowers designers and clients to explore over 200 color possibilities, from daring and vibrant tones to subtle and sophisticated neutrals, ensuring every piece can be fully tailored to its intended environment.

To illustrate this innovation, Hurtado highlights the MON Game Tables (Ref. AX5011). With their sleek lines and reversible chessboard surface, the MON tables embody both function and playfulness. Now available in bold hues such as orange or cobalt blue as well as in refined custom tones, they exemplify how RAL finishes transform Evolution pieces into unique statements of personal style.

“As customization becomes the heart of luxury design, extending RAL lacquers across the Evolution Line offers unprecedented creative freedom,” said Hurtado’s design team. “From bedroom suites to occasional furniture, every piece can now reflect the client’s exact vision.”

Albéniz Executive Desk – Traditional Collection

Hurtado also reintroduces the Albéniz Executive Desk, a centerpiece of the brand’s Traditional Collection. This relaunch underscores Hurtado’s deep heritage and mastery of classical craftsmanship.

Characterized by architectural lines, fine marquetry, and rich wood finishes, the Albéniz desk reflects European elegance with practical design for modern offices. Its ample workspace, integrated storage, and refined detailing make it a distinguished choice for those seeking timeless luxury in executive settings.

By reintroducing Albéniz, Hurtado continues to honor its tradition while offering a portfolio that bridges classic design and contemporary innovation.

As part of the Evolution and Traditional Lines, all featured highlights—Legacy, the expanded RAL customization, and Albéniz—demonstrate Hurtado’s dedication to versatility and craftsmanship, showcased in its High Point showroom.
