Linon Home Décor Announces Partnership with the Frank Lloyd Wright Foundation

Mineola, NY [September 23, 2025] – Linon Home Décor is proud to announce a new partnership with the Frank Lloyd Wright Foundation to develop an exclusive line of home furnishings inspired by the principles and philosophy of America’s most iconic architect and designer.

The upcoming collaboration will bring Frank Lloyd Wright’s timeless design approach—where form and function work in harmony—into modern living spaces. Drawing inspiration from Wright’s legacy of organic simplicity, thoughtful detail, and connection to nature, the collection will highlight furnishings that are both artful and livable.

The collections will debut in Q4 and will be available through Linon’s retail partners and direct channels. Further details on the product line will be shared closer to launch.

About Frank Lloyd Wright Foundation

The Frank Lloyd Wright Foundation, established by Wright in 1940, is dedicated to preserving Taliesin and Taliesin West for future generations, and inspiring society through an understanding and experience of Frank Lloyd Wright’s ideas, architecture, and design. Wright’s legacy, reflected in contemporary work around sustainable and affordable architecture and excellence in design, is of even greater importance today than in his own time. The Foundation is forward-looking but rooted in the history of the Taliesin communities. Please visit FrankLloydWright.org for more information on tour schedules, cultural and educational experiences, and events.
