FALL - WINTER COLLECTION 2025

PRESS RELEASE JULY 2025 - For immediate release

Note from our designer

I had a wintery, riverside landscape in my mind as I started this collection. When I finally had the color palette decided, the possibilities seemed endless & I couldn't stop putting designs on paper. In the end, once the collection was on location in Holland at the beautiful property of Aurélie & Gautier, I knew it was the perfect end to

A LONG JOURNEY

Now, as I sit writing this, I'm deep into next year's collection, but I cannot seem to get this one out of my head... it will go down in history as an ALL-TIME FAVORITE.

Until summer...

Amy

THROWS, PILLOWS, BAGS & COVERLETS

SIENNA

The reddish-brown, burnt sienna color in this collection is my latest color obsession. This is our classic, linen-wool construction with sienna-brown, charcoal and black stripes running horizontally across both ends of the coverlet and through the middle. The coverlet is stitched down the middle and finished with fringe at the top and bottom. The pillows have the same stripe as the outer ends of the coverlet. Sienna is sort of quietly bold.

Available in throw (55x86.6"), pillow cover (25x25", 20x20") and coverlet (110x94")

Color: Brown

70% LI - 30% WO - washed finish

17.7 oz/yd²

BLACK HOUSE STRIPE

The Black House Stripe has its roots in all the fabulous black houses I've known. It's a powerful yet understated kind of collection. Black & charcoal gray stripes on a flax colored ground, finished with fringe top & bottom and stitched down the middle for a little added detail! I think this one is a classic in the making.

Available in throw (55x86.6"), pillow cover (25x25", 20x20") and coverlet (110x94")

Color: Charcoal

70% LI - 30% WO - washed finish

17.7 oz/yd²

JASPER

Sturdy, yet dignified. This season it's available in charcoal gray with a sienna & bone colored striped trim. It combines beautifully with the Rowan, Black House Stripe & Sienna.

Available in pillow cover (15.7x31.5", 20x20", 25x25") and pouch (9x6")

Color: Charcoal

55% LI - 35% WO - 10% PA

30 oz/yd²

ROWAN

A check collection for the ages. This one will stay with me for a long time to come. I loved designing it, I loved tweaking it in development & I cannot wait to use it at home. I loved it so much in fact, that I added the coverlet & pillow sham the day before we packed up for the photoshoot... which needless to say adds a lot of stress to an already stressful situation – but I'm sure it was worth it! Here, all of the fall colors come together in one place ... A racing green, charcoal, black, and off-white check perched upon a sienna-brown ground. There is a herringbone detail stripe at the top & bottom of the coverlet, on both sides of the small pillow cover & down the middle of the large pillow cover.

Available in coverlet (110x91") and pillow cover (25x25", 17.5x17.5")

Color: Check

100% LI - washed finish

13.4 oz/yd²

PIECE DE LIN / TABLE LINEN

ROWAN

I raved about Rowan above in the coverlet section, so I won't go on and on. But do know, it started out as a 'pièce de lin', but I loved it so much that I had to add the coverlet, pillows, and napkins. So now everyone can choose how they use this piece ... as a table throw, a furniture cover, a curtain, or maybe to upholster a small piece of furniture!

Available in pièce de lin (55x71", 55x91", 55x128") and napkin (17x17")

Color: Check

100% LI - washed finish

13.4 oz/yd²

ARLO

This one is here by popular demand ... customers have been asking for our open-weave striped napkin design in a larger piece for a good while, and now it's here! The ground is charcoal gray with a brown & bone stripe on one end, and a green, black & brown stripe on the other. It's a 'pièce de lin' so you can decide how to use it ... as a table cloth, a curtain, a throw, a shawl ... up to you!

The napkin shares the green, black & brown stripe with the pièce de lin, and the second stripe is green, black & bone.

Available in pièce de lin (63x71", 63x91", 63x128") and napkin (16.5x16.5")

Color: Stripe

100% LI - washed finish

2.7 oz/yd²

JASPER

As previously stated ... It's a sturdy yet dignified collection. This new color fits right in with existing collections & works beautifully on its own.

Available in place mat (13.5x19.5") and coaster (4.3x4.3")

Colors: Charcoal (NEW), Faded black, Ginger, Hunter green, Leather, Natural and Smoke

55% LI - 35% WO - 10% PA - washed finish
