FOR IMMEDIATE RELEASE

Varaluz Unveils New Lighting & Mirror Collections at High Point Market

Premier Lighting Brand Debuts more than 300 New Designs this Spring, Including 35 Asfour Crystal Pieces and New Collection with Designer, Kristi Hopper.

High Point, NC — February 4, 2026 — [Varaluz](#), the handcrafted luxury lighting and home décor brand known for soulful designs and eco-conscious materials, announces a new suite of product introductions debuting at the Spring High Point Market.

Varaluz will showcase new introductions across lighting and mirrors, led by an extensive collection of new lighting designs featuring **ASFOUR crystal**; a new collaboration and collection with designer **Kristi Hopper**; and various new mirror designs created with designer and *Bargain Mansions* host, **Tamara Day**.

Expansive New Designs Featuring ASFOUR Crystal

Varaluz will introduce an extensive collection of premium-quality lighting designs featuring ASFOUR crystal. More than 35 radiant new pieces will debut this Spring, including chandeliers, pendants, and sconces. Known for its exceptional clarity and precision, ASFOUR crystal features full-lead crystal that enhances each design with refined luminance and light play.

The new designs span a range of styles and scales, pairing high-quality crystals with Varaluz's signature handcrafted metal forms to create statement pieces suited to both residential and hospitality interiors.

Petal Reign Collection by Kristi Hopper

Debuting at High Point Market, [Petal Reign](#) marks a new collaboration with interior designer [Kristi Hopper](#). Inspired by vintage silhouettes and organic forms, the collection includes three designs — a chandelier, linear pendant, and wall sconce.

Sculptural petal-like elements and layered metalwork define the look, while the use of recycled materials underscores Varaluz's commitment to sustainable design. The collection balances romantic detailing with a modern sensibility.

New Mirror Designs with Tamara Day

In collaboration with designer [Tamara Day](#), Varaluz will introduce a fresh grouping of mirror designs for High Point. The new mirrors feature Tamara's effortlessly approachable,

elevated design sensibility and Varaluz's trend-forward ethos, resulting in mirrors that feel both timeless and distinctly of the moment.

Crafted with premium optic glass, exceptional craftsmanship, and meticulous detailing, each design goes beyond reflection—bringing clarity, character, and transformative style to any space Tamara inspires.

“Our new introductions for High Point Market reflect a balance of design, collaboration, and responsible materials,” said Ron Henderson, co-founder and President of Varaluz. “From premium crystal-accented lighting and tactile mirrors to a new designer partnership, these collections embrace the thoughtful vision for our brand this coming year.”

The new collections will be on display during High Point Market in the Varaluz showroom, **Market Square, 2nd Floor, space 290**, and available following the show.

About Varaluz®

Varaluz® is a Salt Lake City–based lighting brand recognized for premium, design-driven fixtures and wall decor that balances artistic expression with enduring quality.
