## Regina Andrew's Spring 2026 Arrivals Are Sculptural, Purpose-Driven Designs

**DETROIT, March 24, 2026** — Regina Andrew's Spring Collection presents modern heirlooms shaped by global travels and centuries-old artistic influence. With more than 110 new introductions, the spring edit brings together a rich mix of materials, colors, and textures across lighting, furniture, and décor, offering a fresh perspective rooted in craft.

Leading the collection is the new Gable Collection, which draws inspiration from a vintage French mid-century find. Rather than strict uniformity, the collection focuses on antique natural brass with rich patina and signature notched shades, and lets creativity and individuality shine. **The Gable Linear Chandelier** features a subtle sculptural curve inspired by the refined silhouette of Clark Gable's iconic mustache, while the **Gable Pendant** provides a clean architectural presence. The **Gable Sconce** and **Gable Swing Arm Sconce** provide adjustable, directional light with effortless style, and the **Gable Swing Floor Lamp** completes the collection as a sculptural, versatile statement. All pieces are offered in Oyster, Russet, or Storm Blue shades.

New mini lamps offer versatility and personality. The **Giorgio Mini Lamp** expands with two new finishes, hand-blown black glass and marble. The collection introduces six interchangeable shade options—Mist Blue Scalloped, Oyster Scalloped, Oyster Wave Pleat, Heritage Plaid Wave Pleat, Umber Scalloped, and Wild Poppy Scalloped—allowing for a personal expression. These shades are also compatible with the popular **Polly series**, further extending customization possibilities. A new introduction, the **Cassidy Mini Lamp** is grounded by a sculptural orb base and finished with an oversized scalloped cylinder shade offered in two hues, for a compact yet confident design.

Beyond lighting, Regina Andrew introduces new leather seating and upholstered pieces. The **Hendrik Leather Chair** features vertical cushioning for a refined, modern touch, while the **Joni Swivel Chair** offers a smooth, concealed swivel base for a seamless silhouette.

High Point Market will also offer the opportunity to experience the recently introduced Bond and Rhoads collections. The **Bond Collection** is an architectural study in harmony. It pairs soft, sculptural intent with industrial precision. The **Rhoads Collection** balances structure, rhythm, and restraint. Clusters of hand-blown glass spheres in varying scales and finishes float from refined brass canopies, creating a soft, weightless glow.

New Spring Arrivals from Regina Andrew are now available to preview and pre-order exclusively available on [ReginaAndrew.com](https://reginaandrew.com)

“We are excited about our Spring line up and the addition of shade options and color within our Giorgio, Polly and Gable collections and how that can support partners designs and accessibility to the Regina Andrew brand” said Neil MacKenzie, CMO. “In addition, we’ve made enhancements to create a more omni-channel shopping experience at Market. As customers shop the showroom all their choices can be saved into their online account to keep a track record of what they are interested in or would like to purchase” added MacKenzie. “It’s an experience we believe the customer is demanding.”

For those attending High Point Market, the Spring 2026 collection can be explored in person at the Regina Andrew Detroit showroom, located in IHFC – IH006, Commerce, Floor 1, and can be previewed at [reginaandrew.com/market](https://reginaandrew.com/market).
