NEW FOR 2026

The Cordee Collection

Designed by JANUS et Cie Studio

Gracefully curvaceous and eminently adaptable, the Cordee collection's sculptural forms beckon with embraceable contours. Voluptuous silhouettes beckon while making a dramatic statement in fully woven pieces for 360-degree allure.

Cordee lends an elegance suitable for sophisticated interiors with a casual refinement and durability engineered to retain its beauty over years of exterior enjoyment. This stunning indoor/outdoor collection is composed in powder coated aluminum over which a combination of matte and subtly lustrous, multi-tonal, multidimensional fibers are handwoven for a dynamic, sunlit texture and elevated, organic visual.

The Cordee collection is comprised of eight dining and lounge pieces, and is available in four finish combinations of Chassis Silver and Fossil ropes. The occasional tabletops are offered in three finishes: Alabaster, Talc, and Textured Chassis Silver.
