NEW FOR 2026

Elaro Side Tables

Designed by JANUS et Cie Studio

Handcrafted from solid, premium teak, Elaro side tables are luxurious accent pieces with a minimalist silhouette. The curvaceous pedestal base lends substance and stability and an elegance in its simplicity.

Available in two heights and three finishes—Black, Driftwood, and Natural—the side tables present a graphic, monolithic form with the chameleonic ability to adapt to and coordinate with a wide variety of design aesthetics.

Designed with a level of sophistication suitable for the most discriminating interiors, Elaro's natural teak wood, a material inherently rot- and pest-resistant, will beautifully resist exterior elements.
