LDN Art Collections Returns to High Point Market – October 15–21, 2026

Showroom: G-6017, Suites at Market Square, Opposite Coffee Bar

We've been having so much fun behind the scenes getting everything ready for Fall Market, and we genuinely can't wait to open the doors and show you what we've been working on. We'll be flying out on Monday 12th October to start bringing the showroom to life, and with just 2.5 days to dress the space, we'll have more than 400 pieces of fantastic artwork for you to discover — half of which will be brand new!

Customization, taken to the next level

Moonlit by Dan Hobday is shown here in a selection of our custom options. Every detail can change the feel of a piece — which is why we offer a choice of finishes, frames and presentation options to suit the project.

Fine Art Paper

Printed on a 100% cotton 300GSM watercolour paper, framed in London
Black with added Linen Slip

Floated

Printed on the same paper, this has a straight edge cut and slightly elevated on top of a Linen Backboard

Deckled Edge

Printed on the same paper, this has a deckled or rough edge cut and slightly elevated on top of a Linen Backboard

Canvas

Printed on a 19mm Fine Art satin canvas, floating inside the frame

Soft Matte Display

This will have the same look as the Fine Art Paper above, but is printed on a 15oz soft matte display, so that there's no need for any glass and takes away any reflection.
