PRESS RELEASE

KINGSLEY BATE INTRODUCES NEW PRODUCTS FOR 2024

MANASSAS, VA, FEBRUARY 3, 2024: Kingsley Bate announces several new additions to its outdoor furniture line, debuting in the spring of 2024:

- **Hana:** The Hana collection by Kingsley Bate intertwines modern aesthetics with timeless craftsmanship. Solid Grade A teak frames are complemented by the contrasting texture of Sisal all-weather wicker. Dining chairs are beautifully contoured and are comfortable without the need for added cushions. The lounge pieces, enhanced by sling seat decks beneath the cushions, invite moments of sheer relaxation.
- **Café:** Kingsley Bate's Café collection blends elegance with durability. Each seating piece is meticulously crafted from powder-coated aluminum and all-weather wicker, setting a sophisticated tone for patios or outdoor eateries. Dining chairs are stocked in three wicker combinations with a Rattan frame color. All seating can be customized using six wicker colors, set against either Rattan or White frames.
- **La Jolla:** Drawing inspiration from the iconic seaside enclave, Kingsley Bate's La Jolla collection showcases sleek modern design. Crafted from rustproof aluminum frames with distinct tapered legs, the collection offers both durability and style. Seating surfaces are hand-woven from weather-friendly rope and may be used with or without cushions. The collection highlights beautiful elements in Grade A teak, from the dining chair arms to the wide slats of the tabletop.

~ MORE ~

- **Normandy:** Kingsley Bate's Normandy collection is quintessential garden estate furniture sculpted from solid distressed teak. The reliefs of hummingbirds and trumpet vines, hand-carved with utmost precision, pay homage to the classic French Provincial style.

The following Kingsley Bate collections are expanding to include new options:

- **Catherine:** The Catherine collection is now offered in White, powder-coated aluminum in addition to the classic version in Grade A teak. The new aluminum version is comfortable without cushions, and will be stocked in Ivory wicker with additional color-options available by special order.
- **Montauk:** Kingsley Bate introduces a new sectional to the Montauk collection, with extra deep seats and plush cushions. The solid distressed teak frames, finished in a vintage style, underline the collection's relaxed elegance.
- **Tortola:** The Tortola collection now includes a chaise lounge, featuring a raised edge that holds the cushion in place, and adjustable backrest. This addition complements the collection's lounge seating, crafted from rustproof aluminum and all-weather wicker.
- **Adirondack, Charleston, and Lutyens:** Some of Kingsley Bate's iconic classics, the Adirondack, Charleston Rocker and Lutyens bench, will now be available in distressed teak with an Antiqued White finish.

ABOUT KINGSLEY BATE

Kingsley Bate is a privately held company and one of the world's foremost manufacturers of luxury outdoor furnishings. The company's products are distributed globally through better retailers, designer showrooms, and directly to the design trade and hospitality markets.
