M.CLÉMENT CREATES THE RIGHT LIGHT FOR THE TOBI FAIRLEY FOR WOODBRIDGE SPRING COLLECTION

M. CLÉMENT CRAFTS LAMPS CUSTOM DESIGNED BY TOBI FAIRLEY

NEW ORLEANS (April 14, 2016) – Custom handmade lighting and interior accessories studio, M. Clément, collaborates with Interior Designer Tobi Fairley to provide lighting for her expanded collection for Woodbridge Furniture at Spring High Point Market.

M. Clément Design Studio is thrilled to be partnering with Woodbridge Furniture. Like Woodbridge, M. Clément's pieces are crafted with unique finishes, intricate detail and superior quality. Since its founding in early 2003, Woodbridge has designed, developed, and marketed case goods, dining, and occasional furniture pieces.

Tobi Fairley's new licensed collection at Woodbridge Furniture will showcase her design aesthetic of bold, bright, and tailored style. M. Clément has been tapped to create custom lighting to complement this collection and will debut nine bespoke pieces this month.

M. Clément's handmade lamps and accessories can be successfully integrated into any design, from traditional to contemporary. Over 35 lamp base shapes are completely customizable, with over 35 custom colors and 14 patterns. "I love creating custom looks for my interiors and for my licensed lines of furnishings, so I really appreciated the ability to select the finishes and patterns for each lamp to complement my own designs," said Fairley. "I'm excited to showcase these gorgeous custom lamps with my new collection for Woodbridge at High Point Market this month!"

Find M. Clément's designs in the Woodbridge Furniture Showroom, 320 N. Hamilton Street, High Point and The Suites at Market Square, M-5017.

###

M. Clément is based in New Orleans and has been handcrafting lighting and decorative arts for over 4 years.

M. Clément's products include hand built and hand thrown ceramic pieces made by his team of artisans with patinas that evoke the veneer of his hometown.
