OR, IF YOU'D RATHER DIY:

- Check our airline discounts and book your flights; fares only go up as your travel date approaches.
- If you choose to fly in Raleigh-Durham (RDU) or Charlotte (CLT), schedule your free airport shuttle. If you fly into Greensboro (PTI), free shuttles run every hour, no reservation necessary.
- Book your hotel or private home as soon as you can - the best options fill up early.
- Browse our exhibitor directory online. You can search by name and use filters to see only the categories, styles, price point options, buildings, neighborhoods, areas of interest, and even countries of origin that interest you.
- Save your selected showrooms to your MyMarket app by clicking the star next to the exhibitor's name. The MyMarket app provides quick access to your selections anytime, anywhere.
- Check out our events - you'll find hundreds of seminars, roundtable discussions, celebrity meet and greets, networking events, professional association meetings, parties, book signings and casual gatherings to choose from (and you can save them to the MyMarket app, too).
- Make appointments - our exhibitors can serve you best if they know when you'll be stopping by.
- Sort your MyMarket plan by shuttle stop (so you can spend more time in showrooms, less on the bus).
- Pack your bags (don't forget comfortable shoes). We can't wait to see you!
